### 7. Read the following passage carefully and answer any four questions given after it. $4 \times 1 = 4$

The teaching profession is said to be the noblest of all professions. Teachers are honoured all over the world. International Teacher's Day is celebrated on October 05th and Teacher's Day is celebrated all over India on the 5th of September, which is the birthday of an outstanding teacher, philosopher and the second President of India, Dr Sarvepalli Radhakrishnan. When Dr Radhakrishnan was the president of India, some of his students approached him and requested him to allow them to celebrate his birthday. Dr. Radhakrishnan said, "Instead of celebrating my birthday, I will be happy if September 5th is observed as Teacher's day." It is an example of Dr. Radhakrishnan's love for the teaching profession. From then onwards, his birthday is observed as Teacher's Day in India. It is a remarkable day when teachers are honoured and felicitated for their commitment and dedication.

- i) When is International Teacher's Day Celebrated?
- ii) What did the students request Dr. RadhaKrishnan?
- iii) Did Dr. Radhakrishnan accept the proposal for the celebration of his birthday?
- iv) What makes Teacher's Day remarkable?

- $1 \times 4 = 4$ 16. Describe how you booked a ticket at the railway station yesterday. (or) Describe the process of ironing trousers/shirts.
- 17. Write a letter to your cousin who recently met with an accident. Advise him to be careful while driving and also wish him a quick recovery.  $1 \times 4 = 4$

Write a leave letter in which Harinder acks his manager for leave.

- 18. Read the following passage and make notes. Add a suitable title.  $1 \times 4 = 4$ Man cannot manufacture blood as efficiently as women can. Men need more oxygen bacause they do not breathe as often as women do. But men breathe more deeply and this exposes them to the risk of drawing in more polluted air. Men's bones are larger than women's. Men have broader shoulders, a narrow pelvis. A woman has a wider pelvis that results in a bit of a sway as she walks. Man has a thicker skin than that of a woman. Women have a thin layer of fat just under the skin. This helps women keep warm in winter and cool in summer. Men's fat is distributed differently and they don't have a layer just under their skin.
- 19. Mark the stress for any eight of the following words:  $8 \times \frac{1}{2} = 4$ i) society ii) capital iii) residence iv) believe v) against vi) village vii) decoration viii) devotee ix) prepare x) father
